**Friday, May 25, 2007**

Contact: Caitlin Gray – PR Representative 800-933-3640 or 208-371-5805

St. Charles, IL—Today, more and more people try to woo their special valentine with unique gifts that express their love other than the traditional cards, candy, or flowers. In response, Lyriana ([www.lyriana.com](http://www.lyriana.com)), a clinically proven, all-natural topical gel designed to increase libido and sexual pleasure, announces a new giveaway, along with their festive valentine special discount of \$20.00 off any order, that will turn up the heat in intimacy this Valentine's Day. To be eligible to win, participants need to enter their first name and email address by February 12th, 2007. First prize will be a free couples massage plus a bottle of Lyriana. The second runner up will also win a bottle of Lyriana. Winners will be randomly selected and notified by email on 02/14/07. No purchase necessary.

"Valentine's day is a day where loved ones show how much they truly care," states Chris Guill, President of Lyriana ([www.lyriana.com](http://www.lyriana.com)). "And what better way to express your devotion than by spicing up the intimacy level in your relationship with a libido enhancing topical gel and a couples massage?" Pausing for a moment, Guill answers, "We couldn't think of a better way either."

From now until Valentine's Day, all Lyriana orders will get \$20.00 off the total price. There is a limit of one order per customer. Lyriana will come pre-packaged in festive valentine packaging, wrapped in red cellophane. Lyriana will be delivered in a discreet shipping box with pink tissue paper and red valentine confetti.

Lyriana is a clinically proven, all-natural topical gel designed to not only enhance sexual pleasure, but also to help the body repair the delicate tissues and membranes surrounding the genitalia, alleviating discomfort for females experiencing vaginal dryness. Lyriana is the only worldwide patented formula with the active ingredient, Visnadin that promotes blood circulation, sexual stimulation, and natural lubrication of the vaginal wall. Visnadin is a natural product extracted from the Amm Visnaga plant, known to Egyptian medicine as an antispastic and vasodilatory substance.
